NOTES FOR USE OF THE AUTHOR INDEX

Citations give the year/month, not the volume/number. This matches the way the issues are listed on the website. In the case of multi-month issues, the citation refers to the first month, e.g., August-September, 2019 is cited as 2019/08.

The index is sorted by computer, which means it may not always be in exactly the expected order, especially if the entry includes punctuation or abbreviations, e.g., St. is sorted as S-T, not S-A-I-N-T.
